Management's discussion and analysis of financial conditions and results of operations, page 60

1. We note your response to our prior comment one and your restored disclosure. Please expand your results of operations discussion for nine months ended December 31, 2023, to discuss and analyze how the acquired solutions with relatively higher cost of revenues impacted the change in total cost of revenue as a percentage of reported revenue. Also, since your recent acquisitions primarily generate volume-based revenue, with a higher cost of revenue relative to the cost of revenue for other Waystar solutions, disclose if this is a known trend that is reasonably likely to have a favorable or unfavorable impact on your cost of revenues and income from continuing operations. We refer to guidance in Item 303(b)(2)(ii) of Regulation S-K.

2. Regarding your segments and response to our prior comment one:
